

Cookie Policy

This policy sets out how, when and why Zed Technologies Pty Ltd (ACN 145 575 408), Zed Technologies (SG) Pte Ltd (Registration No. 201608906M) and Zed Technologies international Pty Ltd (ACN 633 567 736) and other members of the Zed global group (**we, us, our**) use cookies on its website. Cookies are small text files from a website that are stored on your computer or mobile device when you visit that website. Cookies generally contain information that is associated with your web browser, including information such as website preferences, login information, or a user ID. This information enables our website to recognise you as you interact with or revisit the website and associated services.

1 Our cookies

Strictly necessary cookies

Strictly necessary cookies are cookies that are essential for websites to provide basic functions or to allow you to access particular website features. These cookies are different to functional cookies, which are not necessary for the website to run.

Google reCAPTURE	_GRECAPTCHA	This cookie sets a necessary cookie when executed for the purpose of providing its risk analysis.
------------------	-------------	---

Performance cookies

Performance cookies examine how users use a website. These cookies cannot be used to directly identify visitors.

Google Analytics	_ga	This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners.
Google Analytics	_gid	This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is available from Google. It appears to store and update a unique value for each page visited.
Google Analytics	_gat	This cookie name is associated with Google Universal Analytics, according to the documentation it is used to throttle the request rate - limiting the collection of data on high traffic sites. It expires after 10 minutes.

2 Types of Cookies

The types of cookies used on our website could include:

- **Session cookies:** Session cookies are created temporarily in your browser's subfolder while you are visiting a website and are automatically deleted when you leave the website.
- **Persistent cookies:** In contrast to session cookies, persistent cookies are re-activated when you return to the same website, and remain in your browser's subfolder until they expire (usually after 12 months).
- **Secure cookies:** Secure cookies are a type of cookie which is transmitted over encrypted HTTP connection. When setting the cookie, the secure attribute instructs the browser that the cookie should only be returned to the application over encrypted connections.
- **Third party cookies:** A third party cookie is one that is placed on your hard drive by a website from a domain other than the one you are visiting (e.g. when the website features content, such as ads, from a third-party domain). Third party cookies are set so that a site can remember something about you at a later time. These cookies are set by third parties and we do not control how they are set.
- **SameSite cookies:** SameSite cookies allow servers to assert that a cookie ought not to be sent along with cross-site requests, which provides some protection against cross-site request forgery attacks. SameSite cookies may not be supported by all browsers.

3 Managing your Cookies

You can control how cookies are set on your computer by using your browser or device settings. By continuing to use our website without changing your settings, you consent to our use of cookies as described above.

You can learn more about cookies at www.allaboutcookies.org and www.youronlinechoices.eu.

4 Contacts

If you have any queries relating to this Cookie Policy please contact the relevant Data Protection Officer using the details set out in our Privacy Policy accessible here:
